DETAILED ACTION

Allowable Subject Matter

1. The following is an examiner's statement of reasons for allowance:

Chiang (US-6160846) discloses an apparatus that recursively adjusts the quantizer scale to maintain the overall quality of the video (Chiang: column 1, lines 10-14). This apparatus comprises "providing blocks of quantized transform coefficients" (Chiang: column 7, lines 36-59, wherein the quantization module provides the blocks of quantized transform coefficients) and "attenuating higher-frequency coefficients more than lower-frequency coefficients" (Chiang: column 7, lines 60-67, wherein the attenuating the higher coefficients more than the lower coefficients is quantizing the high frequencies more coarsely with fewer allowed values than lower frequencies). However, Chiang fails to disclose quantizing the transform coefficients with a curve without putting information concerning the curve into the bit-stream as claimed by Klein Gunnewiek et al. A further search was conducted which failed to yield any prior art. Therefore, the prior art fails to teach or render obvious these limitations taken within the others in the claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Dave Czekaj whose telephone number is (571) 272-7327. The examiner can normally be reached on Monday - Friday 9 hours.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Chris Kelley can be reached on (571) 272-7331. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
